JULY 26, 2010

Danielle Staub

# KNIFESTYLES

**S**HE might be a Housewife, but there doesn't seem to be too much that's real on **Danielle Staub's** face. On July 6, the 47-year-old debuted a newly tweaked version of herself at the premiere of *The Sorcerer's Apprentice*—and it was far from magical. “Is she wearing a mask?” asks Palm Beach-based dermatologist Dr. Kenneth Beer. “Her proportions are not correct anymore, because it appears she’s had too much filler injected into her lips and cheeks.” Dr. Richard Fleming, a Beverly Hills facial cosmetic surgeon who also has not treated Danielle, points out that “you can see the hills and valleys in her upper lip, which are the result of overinjection.” ★

## Q&A With Lo Bosworth

**T**HE HILLS may be over, but **Lo Bosworth** is just getting started! Not only does she have another TV show in development, but **Lauren Conrad's** BFF is also launching a lifestyle and advice website, [TheLoDown.com](http://TheLoDown.com), and writing a relationship guide for girls.

**Q: Did the finale give you closure?**  
Definitely. That's the point of any series finale. You have to wrap up storylines, and I think we do that successfully.

**Q: Are you and Lauren still close?**

Oh yeah, we've been friends since fourth grade. I think it's a testament to who we are as people and to our friendship, and that matters more than anything else.

**Q: What do you do together?**

We love to hang out in our pajamas; we love to shop.

**Q: What do you think of Heidi Montag's new face and body?**

I just sort of reacted in the way everybody else did. It was sort of shocking, and I think that people just hope for the best for her. ★
